

TMSA Student Intern Agreement

The TMSA Student Intern Program provides seniors who have met graduation requirements, enriching internship experiences at the TMSA campus. Student interns will have the opportunity to select their internship site and instructor using the x2Vol website. On the website, eligible students will find available internship positions and descriptions.

As a TMSA intern, students are expected to arrive at their internship site on time and fully prepared to work for the duration of their scheduled hours. These hours must be logged on the x2Vol website. Interns are responsible for keeping track of their hours and ensuring that they are submitted on the x2Vol website in a timely manner.

While serving in the internship role, students may come into contact with sensitive information and are expected to keep this information confidential. Failure to comply with privacy expectations will result in a meeting with the High School Dean and immediate dismissal from the internship position.

I, _____, acknowledge and understand the TMSA Intern Agreement. I will fully comply with all expectations and regulations set forth by TMSA administration.
