Public Petition for Traffic Light Installation with Law Enforcement Supervision Request During School Drop off and Pick Up Times

Dear State of NC, Guilford County and City of Greensboro Government Officials,

This is Principal Kandil at Triad Math and Science Academy located at [700 Creek Ridge Rd, Greensboro, North Carolina, 27406](#). Our school has been serving hundreds of 6-12 grade level students since 2008. Today, another car accident occurred on Creek Ridge Rd and our Campus entry intersection that caused bodily injury to one of our students.

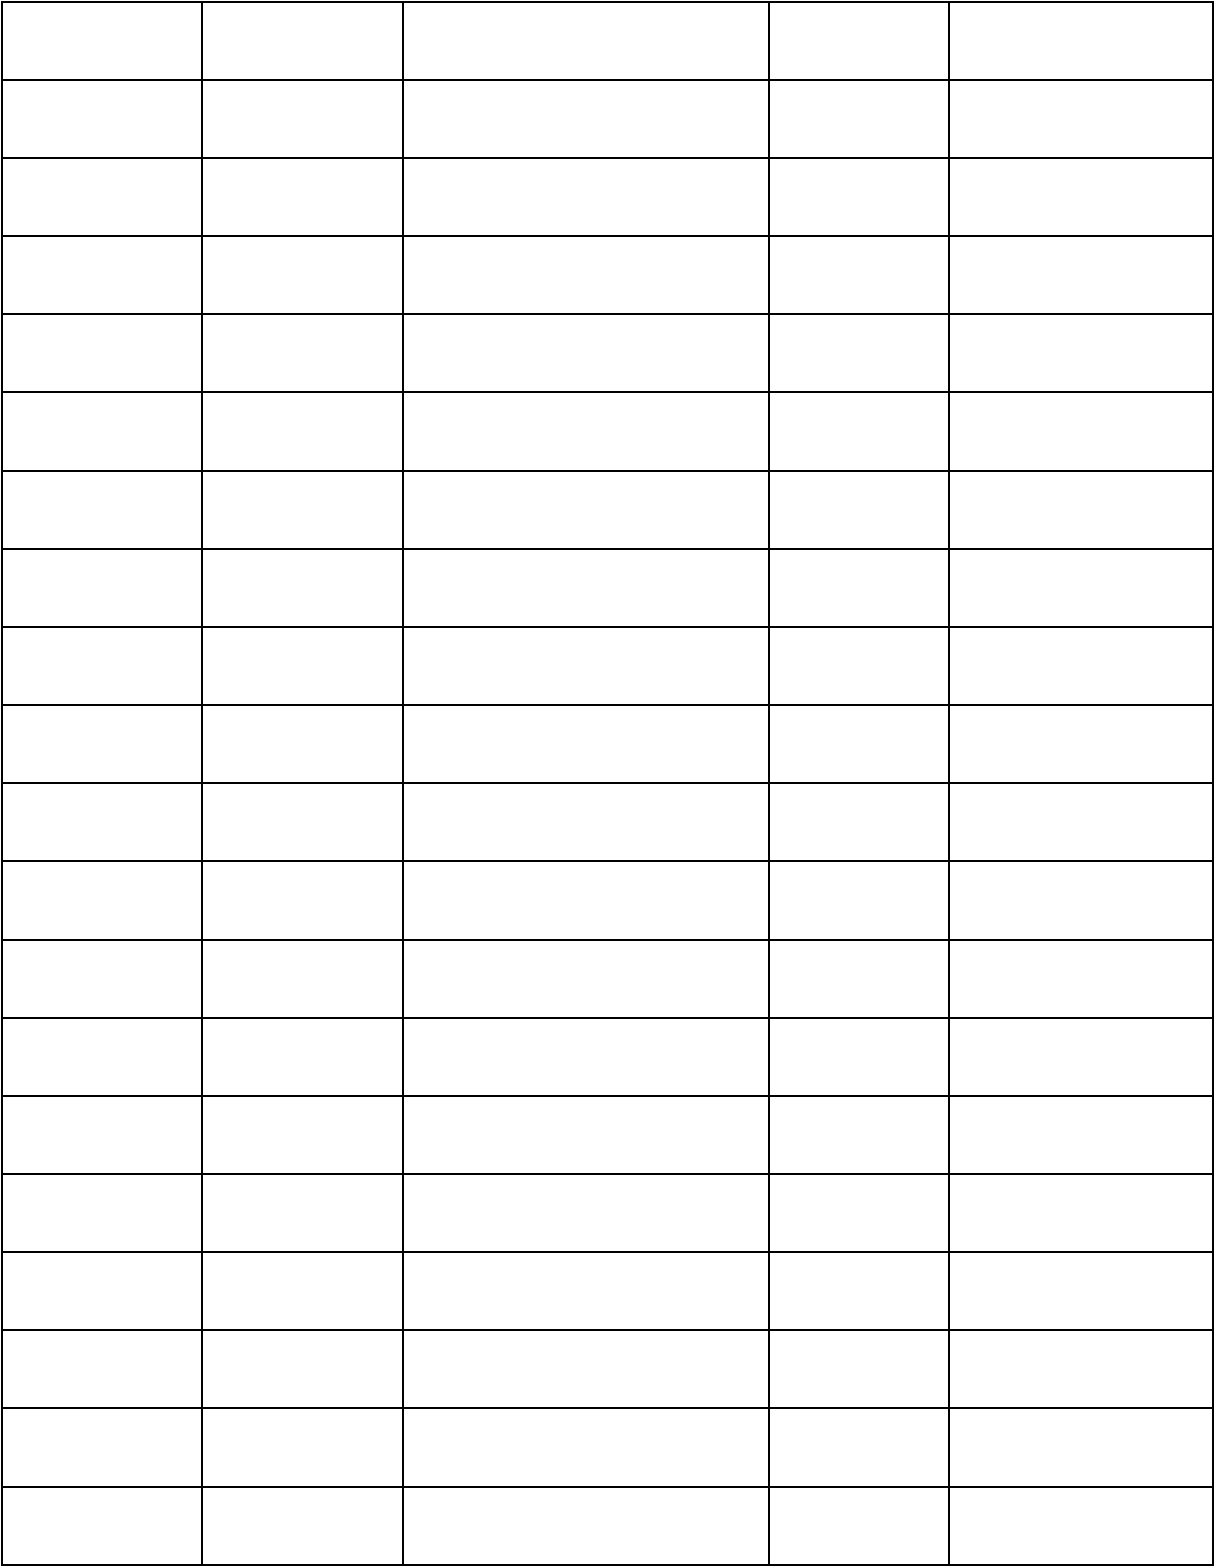

Since the inception of our program, there's been multiple accidents at this location involving our students. TMSA is committed to the safety of our students that extends throughout our community. We have made several attempts to address this issue by communicating to all applicable authorities/officials at the City of Greensboro and hasn't received much cooperation in trying to resolve this issue. We, the Triad Math and Science Academy Learning Community, strongly request to have traffic lights to be installed and law enforcement supervision to be established every day during the student pick up and drop off times for the safety of all the TMSA students, staff and neighbors.

Please see the completed petitions below which will be presented to NC State Governor's Office, NC State Department of Transportation, NC State Department of Public Instruction, Guilford County Board of Commissioners, Guilford County Manager's Office and Greensboro City Council and Greensboro City Mayor's Office. We look forward to receiving immediate attention to this urgent matter, as all these life threatening and liability bearing accidents have taken place on the City/County premises.

Thank you

Principal Kandil
Triad Math and Science Academy
[700 Creek Ridge Road Greensboro, North Carolina, 27406](#)
